Romantic, Tropical
Paradise...*

Palm Cove

Palm Cove, a cosmopolitan village on the peaceful Coral Sea, is the gateway to the Great Barrier Reef and World Heritage Rainforests. This charming village with its idyllic coconut palm fringed beach offers a range of spa treatment facilities, alfresco cafes, restaurants and quaint water-front bars in a splash of Caribbean colours.

Nature

This retreat gives the impression of being on a tropical island in the middle of a rainforest. Wake up to the sound of ocean waves and tropical birds singing. Enjoy a dip in the inviting pool and spa surrounded by restful palms.

Ambience

The serenity of this charming retreat with its intimate ambience is the ideal romantic hideaway to experience Tropical North Queensland's relaxed way of life.

Design

The Reef Retreat's east meets west theme with extensive use of timber against a white background is cool and welcoming. Offering privacy and seclusion, the open designed studios and suites are discreetly tucked in amongst the giant melaleuca trees.
